

PSHRA Colorado Chapter Sponsorship Opportunities

The PSHRA Colorado Chapter is pleased to offer corporate membership opportunities for your company to connect with public sector HR professionals and the association. Corporate membership strategically places your company as a key supporter of the profession, gives your company opportunities to reach HR professionals and build awareness within the public sector, and more importantly, grow your business.

Who Should Join?

Private-sector organizations that provide goods and services for government human resource management administration are encouraged to join the association as corporate members. The organization holds the membership with one employee serving as the primary contact. Dues are paid on a calendar year.

For more information or to become an PSHRA Colorado sponsor, email:
